Historically the Cypress Hills were a meeting and conflict area for various **American Indian** and **First Nations** peoples. The North West Mounted Police and **Fort Walsh** was established to bring law and order to the Canadian border region after the Cypress Hills massacre. The highest point in Saskatchewan at 1,468 m (4,816 ft) is located at an unnamed point in the Cypress Hills. We will ride the Cypress Hills of Saskatchewan and savor ranch life with home cooked meals, campfires, cowboy poetry and accommodation in the beautiful restored barn. Arrive on August 23rd dinner served. August 24th will start with breakfast and orientation. On August 28th the clinic day will end at 2 pm giving travelers an option to catch a flight. For those staying another night the cost is \$137.49 (includes taxes) for accommodation and dinner on the night of the 28th.
